

PORTUGAL IN THE TREND OF HEALTH REFORMS:

AN INSIGHT FROM SOCIAL SCIENCES

SEPTEMBER 12th | AUDITORIUM AFONSO DE BARROS, ALA AUTÓNOMA, ISCTE-IUL

AIM

Among many others, some of the issues in discussion concern the insight of social sciences to themes such as:

- Place and limits for public intervention in health
- Public-private relationship
- Access to healthcare
- New organizational configurations
- Labor conditions in the health sector
- Impacts of technological innovation

WHO IS WELCOME?

Everyone interested, independently the scientific background or professional activity. Health professionals, managers, students and scholars are invited in joining us to discuss with the invited key-speakers and the commentary panel.
